UltraVic is a classic metal roofing profile that is easy to install — the perfect solution for home and cottage owners seeking an economical, low maintenance roofing solution. Extra strengthening in the side laps and intermediate ribs give **UltraVic** improved weather protection, incomparable snow load capacity and increased rigidity. **UltraVic** has a 36-inch coverage per area sheet, with exposed fasteners so it installs quickly. Engineered from 28-gauge steel and backed by a 40-year limited finish warranty, **UltraVic** roof won't warp, crack or chip, resists mold and mildew and resists fire.

Note: Galvalume™ is not a 40-year finish

BUILDING FOR TOMORROW

Colours shown above may vary from actual colours due to printing process. We recommend you ask your Vicwest distributor for actual samples before making a colour selection.

ULTRAVIC

THE RESIDENTIAL METAL ROOFING COLLECTION BY VICWEST

When superior protection is key, UltraVic, our classic metal roofing profile, is the perfect choice. Available in 28-gauge steel, it can withstand heavy snow, high winds, torrential rain and hail, and it won't fade, crack, peel or burn, so it will look like the day it was installed for years to come. More than a roof, think of it as a permanent shield of protection for your home, adding value and guarding your biggest asset against the elements.

Made in Canada, our **UltraVic** roofing system is built to withstand extreme Canadian weather conditions

WITHSTANDS:

- RAIN
 - HAIL
 - FOOT TRAFFIC
 - FIRE
 - HIGH WINDS
-
- WILL NOT ROT
 - IMPERVIOUS TO INSECTS
 - EXCELLENT IN TREADED AREAS

Excellent weather protection available in an array of rich colours

Why Metal is worth the investment

Ordinary roofing materials have shorter life spans and will need to be replaced regularly, especially in areas that see an influx of hot and cold temperatures coupled with high weather activity. With constantly increasing material and labour costs, this could result in significant expense over the life of your home. A roof purchase isn't something you plan on, so why do it twice? With warranties up to 50 years, a Vicwest metal roof will save you money and future financial worry since you'll never have to re-roof again! In addition, the enhanced curb appeal and durability it provides can help increase resale value should you decide to sell your home.
